June 2018 - July 2022

PROFILE

B2B sales professional with 4 years driving outbound revenue for startups and IT services companies from full cycle deal ownership to 0-to-1 GTM strategy for an AI product. Looking for a growth-stage team where I can own pipeline and keep building toward product facing work.

WORK EXPERIENCE

Sales Development Representative

Pravaah Consulting (Aug 2025 – Jun 2026)

- Sintel Inc. (sheet metal / data-center rack manufacturer) — Owned sales & marketing via email and LinkedIn; sourced a lead (Jabil) that grew into a contract large enough to require Sintel to open a second factory.
- HMWS (medical waste management) — Owned sales process via email and LinkedIn; diagnosed a channel/audience mismatch after 4 months of no traction, correctly identifying that target buyers weren't reachable on LinkedIn.
- Pravaah (own pipeline) — Owned sales process via email and LinkedIn.

Business Development Specialist

Gritbyte Labs (February 2025 - May 2025)

- Designed and executed GTM for a conversational AI product from scratch.
- Built outbound pipeline, refined ICPs, and ran full sales cycles.
- Channelled user objections and demo insights into product iteration.

Business Development Executive

INZINT (April 2023 - January 2025)

- Managed SaaS deals end-to-end; created custom proposals and SoWs.
- Provided client insights to internal teams to guide feature improvements.
- Closed $500K+ in new revenue by selling white label software to U.S./global clients.

Business Development Executive (Internship turned full time)

SDLC Corp (March 2022 - September 2022)

- Ran multichannel outreach campaigns and managed CRM operations.
- Led a 5-member ops team; supported outreach strategy and data workflows.

CORE SKILLS

- **Growth & GTM:** ICP refinement, product positioning, 0→1 GTM strategy, outbound pipeline building, PLG experiments
- **Sales & Ops:** Inbound lead management, full cycle B2B sales, CRM optimization, RevOps alignment, team leadership
- **Automation & AI:** Workflow design (n8n, Zapier, Make), AI-driven prospecting (Clay, Instantly AI, GPT, Claude), prompt engineering
